Tesse History

TESSE as a European sanitary ware manufacturer and exporter, specialized in excellent toilets, faucets, bath tubs, shower enclosures, jacuzzi, hotel collections, disabled series, and array of spa and wellness products. The company holding the head office point based in Italy, Corso Novara, 10 80130 801 Napoli and faucets and accessories brass ware casting from Birmingham London. In 2013 the Middle East representative office and operations started based in Jebel Ali downtown, Dubai, UAE covering a most modern showroom and adequate stocks. Dealer network opened in the Middle East. Ever since by the introduction of TESSE collections to the Middle East market within this decade, we have positioned ourselves as one of the top market leader competing other established European sanitary ware brands in the market for quality and unique innovative modern designs. TESSE maintains its paramount quality and prompt after sales service and it has always been our utmost priority. With complete collections of bathroom products under same roof, our valued customers can easily prepare their selections from ultra-modern technology to simple minimalist designs from our profile and create a single brand concept bathroom.

TESSE Middle East holds an exclusive distribution rights for brands TESSE, and PREMTEX collections, MENA & ASEAN region. We ensure you that you will be awed by the design comfort and smooth functionality offered every day in your bathroom by TESSE products.

————— *a reflection of your pride.....* —————

About Us..

TESSE MIDDLE EAST BMT LLC is a professionally managed trading company catering to the demand in the U.A.E . OMAN. BAHRAIN market for the reliable service and quality products in the field of sanitary ware and bathroom fixtures.

Our quality of work & expertise has allowed us to become one of the best in the business & we are continually upgrading our services to meet the increasing demands of the clients.

We have the innovation, modern European designs & technical expertise necessary to undertake projects in this region. Many of the products and techniques used by our company are backed up by years of experience in this field, and mainly with the team of well experienced and knowledgeable professionals to provide the best possible services.

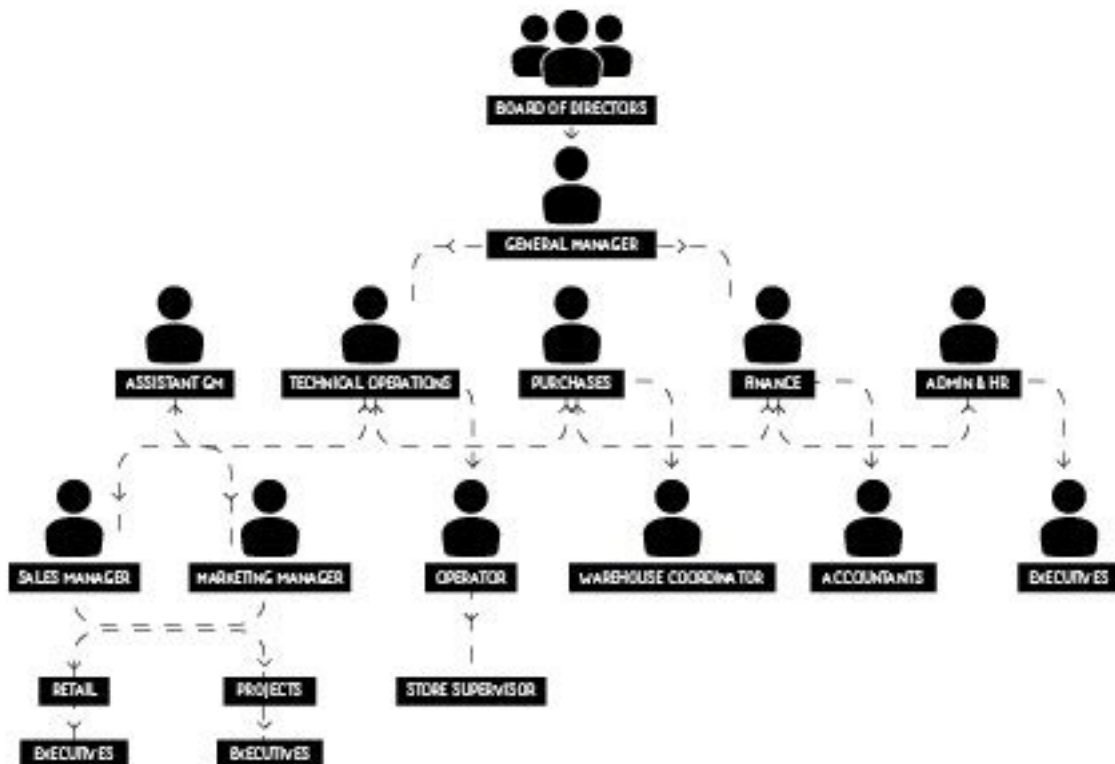

Our Vision...

TESSE vision is to be the leading and full-service supplier for sanitary ware products and services to create the best user friendly bathrooms in the region.

Our Mission...

TESSE is fully committed to understanding customers' needs and to always exceeding their expectations. TESSE products make the lifestyle of its users better and comfortable day by day by providing a full range of high-quality Products and the highest level of service on the services offered. TESSE achieve its exceptional level of service through a strong local presence, smart service knowledge and, most importantly, a team of highly motivated team to serve your needs 24/7

Organisational Hierarchy

Our Aim...

To provide services that satisfy our customer's needs, requirements and expectations in a proper manner

Completion of projects to customers in time, on budget and to their satisfaction.

To be known as a reliable, efficient and service minded company.

To strive for excellence through total continuous improvement.

To introduce innovative products to the market by inculcating technology to the services we provide.

RAIN SHOWER SYSTEM

THE REVOLUTION OF TESSE SHATAFF

Features :

1. Uniquely On-Off switch, convenient and flexible to use.
2. Minimum 100,000 times On-Off switch function for work.
3. Stable pressure-maintaining cartridge to avoid leaking during Off state
4. Made of Brass
5. 1.2M SS hose and ABS holder included
6. Tested under hydraulic pressure up to 12 BAR
7. Work in temperature MAX 80 °C

HOW TO FIX

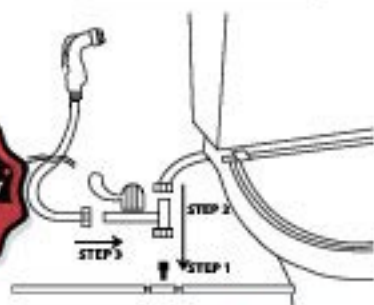

One touch
On-Off switch

Features :

1. Annular Shape Water Outlet
 - * Outer water outlet provide pressurized water modes
 - * Inner water outlet provide soft water modes
2. Press Switch
 - * One "press" switch to allow water flow out
3. Rotable Nozzle
 - * Rotate the nozzle to obtain different water modes
4. Standard G1/2 interface
 - * Workable for most of the shower water hoses

Taps Collection

- ▶ TESSE tap fittings was introduced to Italy more than 4 decades.
- ▶ European machinery and technology components manufacturing
- ▶ Tap fittings produced under ISO9001 Quality Management system since 1977, & European Union CE certification since 2007
- ▶ All products manufactured are fully brass (complies with European standard EN 12420-2014, EN 12164-2011 and EN 1982-2008)
- ▶ Exposed items are produced using gravity die-cast technology (Basin mixer)
- ▶ Concealed items are produced using forging technology (Concealed mixer)
- ▶ Brass composition : 62% copper 36.9 % Zinc & only 1.1% lead (certified by SIRIM)
- ▶ Thickness of brass body – more than 2.5mm from inner core
- ▶ Thickness of nickel plating – 0.88 microns
- ▶ Thickness of chrome plating – 0.33 microns
- ▶ Own chroming plant with two automatic plating lines using Japanese technology and Canadian plating materials
- ▶ Fully automated lines deliver consistent plating distribution for high corrosion-resistant surfaces
- ▶ Ability to produce surface finishes in chrome, brushed nickel, matte black and gold
- ▶ NEOPERL® aerators from Germany for anti-splash and water saving benefits
- ▶ NEOPERL® flexible silver hose from Germany for luxury collection series
- ▶ SEDAL® cartridges from Spain are used in Mixers
 - ◆ Recognized by NSF USA and ACS Europe for long term neutral effect on water quality
- ▶ High quality thermostatic bath/shower mixer using VERNET® thermostatic cartridges
- ▶ Wide range of designs with matching bathroom accessories
- ▶ Specified and supplied to many prestigious and luxurious projects

Aerators

Aerators are found in nearly all kitchen and lavatory faucets. An aerator is a key component in the overall performance of the faucet. Here is how you should expect your aerator to perform: control the stream straightness and diameter; reduce splash by aerating the stream and eliminating side spray; save water and reduce energy costs; meet local plumbing codes and standards.

PERLATOR® HONEYCOMB® aerator: the classic aerator for decades, proven worldwide.

CASCADE® aerator: new face design, specially made against liming.

CASCADE® SLC aerator – SLC (Smart Lime Cleaning), for a maximum lifespan of your faucet aerator. Removing limescale is easy thanks to a soft elastomer layer.

		Description	Insert	Female M22 × 1	Male M24 × 1
		PERLATOR® HONEYCOMB® PCA® 1.5 gpm max. (5.7 l/min)	part no. 40.2056.000	part no. 40.2056.023	part no. 40.2056.033
		CASCADE® PCA® 0.5 gpm max. (1.9 l/min)	part no. 40.1059.000	part no. 40.1059.023	part no. 40.1059.033
		CASCADE® SLC PCA® 1.0 gpm max. (3.8 l/min)	part no. 40.0058.000	part no. 40.0058.023	part no. 40.0058.033
		CASCADE® SLC PCA® 1.5 gpm max. (5.7 l/min)	part no. 40.0056.000	part no. 40.0056.023	part no. 40.0056.033

Large variety of flow rates available.

CASCADE, HONEYCOMB, NEOPERL, PCA, PERLATOR are registered trademarks of the Neoperl Group in many countries.

a reflection of your pride.....

The proudest moment

One of the proudest moments in the year of 2018 was our participation in the Big Five International Building & Construction Show held at World Trade Centre, Dubai ,UAE from November 26th to 29th.It was a prodigious opportunity for us to present and promote our products.
